I quite sympathize with your predicament. The program is definitely off, as I believe [redacted] has notified you. I think the best thing for you to do is to write him the sort of letter you wrote me, being a little more specific. In the meanwhile, I shall send him a copy of your letter, and of this one.

That is about all I can do, except to hope that things turn out reasonably well. I am, of course, personally upset.

Sincerely,
